

SENSE PRO

True wireless open-ear headphones

Sense the world around you.

Sense the world around you with JBL Sense Pro headphones. Stay connected to your surroundings while immersing yourself in rich, vibrant Spatial Sound with JBL OpenSound technology with Air Conduction that is also Hi-Res Audio Wireless certified. The unique adjustable split ear hook features a soft and ergonomic design, enriched by metallic accents, that ensures a secure fit, personalized for your ears for all-day comfort. Four voice mics, our proprietary AI-trained algorithm for noise reduction and the Voice Pickup Sensor for voice clarity make sure your calls come through loud and clear even on a breezy day. And if a little drop comes along, JBL Sense Pro boasts an IP54 rating. With a battery that lasts up to 38 hours wirelessly rechargeable, the JBL Sense Pro got your back throughout the longest days. Use the JBL Headphones app to fine-tune a personalized listening profile and customize the intuitive touch controls so you can control your music and calls your way.

Features

- ▶ JBL OpenSound Technology & Spatial Sound
- ▶ Hi-Res Audio Wireless with adaptive bass boost
- ▶ 4-mic crisp, clear calls 2.0 with AI-trained Algorithm
- ▶ Adjustable ear hook for all-day comfort
- ▶ Designed for all-day wear
- ▶ Customizable through the JBL Headphones app
- ▶ Up to 38 hours total playtime, plus speed charge and wireless charging
- ▶ Multi-point connection
- ▶ Dual connect and sync with Fast Pair

SENSE PRO

True wireless open-ear headphones

Features and Benefits

JBL OpenSound Technology & Spatial Sound

JBL Sense Pro headphones rest comfortably on the curve of your ear, not in your ear canal, so you'll always hear the world around you. At the same time, the sound is directed straight into your ears, so no one can hear your music or calls, even if they're standing right beside you on the subway. Meanwhile, JBL Spatial Sound makes the audio feel like it's enveloping you with stereo content from any device.

Hi-Res Audio Wireless with adaptive bass boost

Enjoy studio-quality Hi-Res Audio Wireless sound. LDAC transmits three times more data than Bluetooth® audio, delivering high-performance 24-bit sound. And the adaptive bass boost algorithm adjusts the bass depending on how loud you're listening, so you'll always have precise, deep, rich, dynamic sound without distortion.

4-mic crisp, clear calls 2.0 with AI-trained Algorithm

With your JBL Sense Pro headphones, you can take calls anywhere. Featuring two beamforming mics per ear to accurately capture voice, the JBL Sense Pro also boast an AI-trained algorithm that reduces environmental noise. Plus, the Voice Pickup Sensor captures the bone vibration and works with the dual mics system to dramatically enhance voice clarity. The wind-resistant design of the JBL Sense Pro reduces air flow disturbance around the microphone pickup area to make your calls crystal clear even in the noisiest spaces.

Adjustable ear hook for all-day comfort

That metal hinge doesn't just look luxe and cool. It's also adjustable, so you can ensure the best possible sound reproduction, no matter how your ears are shaped. The premium earhook is made of ultra-soft liquid silicone and features a slim memory internal wire, so it's both skin-friendly and incredibly comfortable. And the high-performance titanium alloy memory wire provides a stable and comfortable fit that won't fall out.

Designed for all-day wear

Light, small, soft, and perfectly balanced, your JBL Sense Pro headphones are comfortable enough to wear all day. You'll have full situational awareness while you're wearing them, since they don't block your eardrums. Don't let little rain keep you from your walk. These IP54 water and dust resistant earbuds are built for the elements.

Customizable through the JBL Headphones app

Use the JBL Headphones App to tailor make your sound settings, activate Spatial Sound, personalize your sound with Personi-fi 3.0, customize the touch control features, personalize the call settings and much more.

Up to 38 hours total playtime, plus speed charge and wireless charging

Get up to 8 hours in the headphones and up to 30 more in the charging case before you need to plug them in again. And if that's not enough, 10 minutes charge gets you four more hours*. Or you can charge wirelessly! *Charging cable not included.

Multi-point connection

Pair your JBL Sense Pro earbuds with up to two Bluetooth® devices at the same time and then switch effortlessly from one to another. So if you're in the middle of a video on your tablet, you won't miss a call from your partner on your mobile phone.

Dual connect and sync with Fast Pair

Flip open the case and your earbuds pair with your Android device automatically. With Dual Connect, you can use both earbuds together or use either one individually.

Technical Specifications

- ▶ Driver size: 16.2 mm / 0.64" Dynamic Driver
- ▶ Power supply: 5 V = 1 A
- ▶ Maximum operation temperature: 45 °C
- ▶ IP Rating (Earbuds): IP54
- ▶ Frequency response: 20Hz - 40 kHz
- ▶ Impedance: 32 ohm
- ▶ Sensitivity: 92 dB SPL@1 kHz
- ▶ Maximum SPL: 90 dB
- ▶ Microphone sensitivity: -38 dBV/Pa@1 kHz
- ▶ Voice pickup sensor: -25 dBFS/g@1kHz
- ▶ Bluetooth version: 6.0
- ▶ Bluetooth profile version: A2DP V1.3.2, AVRCP V1.6.3, HFP V1.9
- ▶ Bluetooth transmitter frequency range: 2.4 GHz – 2.4835 GHz
- ▶ Bluetooth transmitter power: < 10 dBm (EIRP)
- ▶ Bluetooth transmitter modulation: GFSK, π/4-DQPSK, 8DPSK
- ▶ Earbud: 11.6 g per pc (23.2 g combined) / 0.0256 lbs per pc (0.0511 lbs combined)
- ▶ Charging case: 72 g / 0.1587 lbs
- ▶ Earbud battery type: Lithium-ion battery (60 mAh / 3.87 V)
- ▶ Charging case battery type: Lithium-ion battery (630 mAh / 3.87 V)
- ▶ Charging time: 2 hrs from empty
- ▶ Music playtime with BT on: Up to 8 hrs
- ▶ Talk time: Up to 3.5 hrs

What's in the Box

- 1 x JBL Sense Pro earbuds
- 1 x Charging case
- 1 x Warranty / Warning
- 1 x QSG/ Safety Sheet
